# Arrowing

1. Separate the two sections of the paper by cutting along the dotted line. Fold each section in half and shown, unfold, and turn them over.
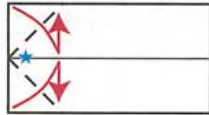

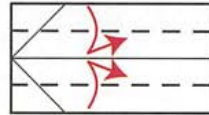

2. Fold both top corners in to the center crease.

3. Fold the top point downward.

4. This section is finished for now.

5. Fold both left-hand corners of the smaller section inward as shown, crease, then unfold.
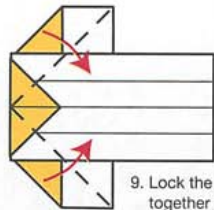

6. Fold the top and bottom edges inward, crease, then unfold.

7. This section is also finished for now.

8. The two sections go together like this.

9. Lock the two sections together by folding the sloping edges inward.

10. Remake the wing and keel creases through all the layers and arrange to match the flight profile.
