

# Falcon

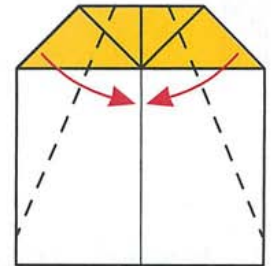

1. Valley fold in half and unfold.

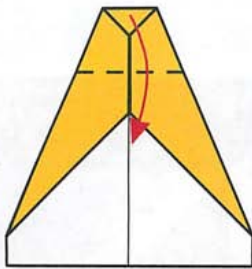

2. Fold both top corners in to the center crease.

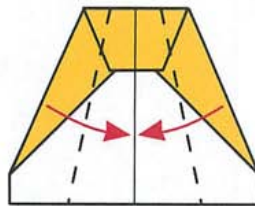

3. Fold the top point downward.

4. Valley fold both sloping edges to the center crease.

5. Fold the top downward using the edges of the internal flaps as a guide.

6. Fold both sloping edges to the center crease. See step 7 for the result.

7. Close the keel and open up the wings to match the flight profile shown.
